All children are treated as individuals; there is no ‘one size fits all’ approach. Personalising learning is our aim, giving children the education they need and want. Learning is active, hands on, engaging and fun.
Education is not the filling of a pail, but the lighting of a fire.

William Butler Yeats

“Every learner is entitled to a curriculum rich and varied, challenging and inspiring, which enables every individual to fulfil her or his potential to the highest possible standard; so that all, for the benefit of all, are able to shape their destinies and create a better world.”

Parent
We aim to inspire children to take a risk, challenge themselves and have a go through first hand learning experiences. We facilitate teaching that encourages the children to take control of their learning and to develop into active critical learners in readiness for their onward journey.

“They can because they think they can.”

Joining Westwood Academy
Children joining in Reception are given opportunities to learn through play which is predominately child-led. It promotes independence and engages children in their learning. Westwood Academy has a strong focus on building relationships with parents and children before they start school which enables the individual to flourish.

Developing Partnerships
Westwood Academy seeks to work with other local primary schools, the Children’s Centre, Half Pints nursery and the secondary schools especially The Deanes, to enable staff and children to experience even more opportunities for learning.

Behaviour
At Westwood Academy we expect all within the school community to be treated with respect and to help create a calm, purposeful, happy and safe atmosphere within the school.
Emotional Health and Well-Being of Children
The school places great importance on the safety, security, happiness and well-being of the children.

Special Educational Needs
Westwood Academy is an inclusive school which welcomes all children. We believe that removing barriers to learning for children enables them to achieve their best. We seek to provide the most effective support.

Gifted and Talented Children
Westwood Academy responds to those learners identified as Gifted and Talented and provides additional learning activities, including higher order thinking skills, which are provided to extend and enhance their learning experience.

“When you’re stuck the teachers come and help you and they’re very kind.”

Extra Curricular Activities
This is a vital area of the children’s well-being and personal development. Over the course of a year there are many opportunities for the children to participate in a variety of after school clubs and activities.

Role of the Parents and Carers
At Westwood Academy we believe that parents and carers have a fundamental role in their children’s learning. The school is committed to working with individual families and their children in order to provide the highest quality education for the children. We encourage a positive working relationship with our parents and carers.

I love Westwood because you can have a go at after school clubs.
