

Welcome to our new online booking system for Woody's.

Below is a guide to the changes for this system and how to book your child in to before or afterschool club of the Fridy bridging club.

When you log in to your parentmail account, once you click on accounts you will see a selection of options:

From this page you are then able to select the club you wish to book into by simply clicking on the white days and adding to your order.

Once you have selected the payment option you will be given the option to repeat your booking weekly, or proceed with the selection. Once you have made and confirmed your selection you will be taken to the payment page. Your booking will then transfer onto our online booking system.

Our new booking system will close 24 hours before each session. For example, if you want to book into before school club on Monday morning, the booking will be open until 7:45am the Sunday before.

This system is set up to only take 30 children. Once this number is reached we will be unable to take any more children. This is due to the increased need to maintain and manage our Woody's bubbles. The selection on ParentMail will show as unavailable if this happens.

WE ARE UNABLE TO TAKE CHILDREN WITHOUT A PREBOOKING.
