

Screen-Free Day

As a school, we are very aware of the amount of time that the children are currently having to spend in front of a screen. We are also very conscious of the toll that home learning is taking on their wellbeing.

We therefore invite parents and children to choose a day this week as their 'Screen-Free Day'. Rather than the whole-class planning, children can choose a way to fulfil the phrase 'Express Yourself' without using a screen. This could be a piece of artwork, a dance, a piece of music or anything else that both interests them and reflects their personality.

There is no obligation here however and if your child would prefer to continue with the whole-class planning each day, they are more than welcome to.

Enjoy! 😊
